INTRODUCTION

ABOUT THE PROGRAM

Step into the future of manufacturing with the Vietnam Manufacturing Expo and Nepcon Vietnam Confex – a dynamic and condensed version of our renowned exhibitions. This Confex is a unique opportunity to delve into the latest trends, innovations, and strategic insights shaping the manufacturing landscape. With a focus on green manufacturing, circular practices, and navigating challenging times, the Confex promises an intimate and enriching experience for industry professionals.

OBJECTIVE

The primary objective of this Confex is to provide a platform for knowledge exchange, networking, and exploration of solutions tailored to the evolving needs of the manufacturing sector. This event aims to equip participants with practical insights, strategies, and connections that will drive sustainability, resilience, and growth in their manufacturing endeavours.

VALUE PROPOSITION

Focused Insights: Dive deep into crucial topics through a conference agenda that zooms in on the green angle for manufacturing, circular manufacturing practices, and strategic decisions during tough times.

Networking Opportunities: Connect with industry experts, fellow manufacturers, and solution providers in an intimate setting conducive to meaningful conversations and collaboration.

Innovative Solutions: Explore a curated exhibition space showcasing cutting-edge technologies and solutions aligned with the themes of sustainability and strategic decision-making.

ATTENDEES PROFILE

The Vietnam Manufacturing Expo and Nepcon Vietnam Confex is tailored for a diverse audience, including but not limited to:

Manufacturers and Industry Professionals: Executives, managers, and decision-makers seeking insights into sustainable and resilient manufacturing practices.

Technology Enthusiasts: Individuals passionate about the latest advancements in manufacturing technologies and their impact on the industry.

Investors: Professionals exploring investment opportunities and strategies to navigate challenges in the manufacturing sector.

CONFERENCE PROFILE

The CONFERENCE sessions will address key industry topics, with a particular focus on:

Green Manufacturing

Exploring sustainable and environmentally friendly practices in manufacturing.

Circular Manufacturing

Discussing strategies to reduce waste and promote circular economy principles in the manufacturing process.

Financial Strategies

Providing insights into whether manufacturers should invest or adopt a more conservative approach during challenging economic times.

New Technology Introduction

Showcasing the latest technologies shaping the manufacturing and electronics landscape.

Government Policies

Understanding the supportive policies in place and how they impact the industry.

International and Domestic Insights

Hearing from experts and associations, both international and domestic, to provide a well-rounded perspective on industry trends.

50++
ENTERPRISES

200++
ATTENDEES

10++ INTERNATIONAL PROFESSIONAL
SPEAKER / PANELIST

HIGH-LEVEL DIALOGUE

Dialogue or Panel Discussion with the government and investors covering the most important

B2B BUSINESS ESTABLISHMENT

Platform for business networking, investment opportunities

HIGH TECHNOLOGY TRANSFERATION

Access to innovative Manufacturing Technology

BEST PRACTICES SHARING

Opportunities to learn from the best in the field of sustainable business

WHY BAC NINH?

INDUSTRIAL HUB

Bac Ninh has emerged as a key industrial hub in Vietnam, boasting a strong manufacturing ecosystem. The province is home to numerous industrial zones and clusters, making it an ideal location for an expo dedicated to manufacturing.

ECONOMIC GROWTH

Bac Ninh has consistently demonstrated robust economic growth. According to recent figures, the province's GDP growth has outpaced the national average, creating a conducive environment for business activities, including manufacturing.

PROXIMITY TO HANOI

The strategic location of Bac Ninh, in close proximity to Hanoi (less than hour travel to Hanoi Capital), provides easy accessibility for both national and international participants. This accessibility enhances the reach of the expo, attracting a diverse audience.

INVESTMENT INFLOWS

Bac Ninh has attracted significant foreign direct investment (FDI) in recent years (nearly 25mil USD, ranking 7th in the country). The influx of investments indicates a thriving business environment, making it an attractive destination for companies looking to showcase their manufacturing capabilities.

INDUSTRIAL DIVERSITY

The province hosts a diverse range of industries, including electronics, automotive, and textiles. This diversity aligns with the scope of the manufacturing expo, providing a platform to showcase a broad spectrum of manufacturing capabilities.

SKILLED WORKFORCE

Bac Ninh has invested in developing a skilled workforce, with a focus on technical and vocational training. This ensures that the local labor pool possesses the necessary skills and expertise, making it an ideal location for manufacturers seeking qualified talent.

INFRASTRUCTURE DEVELOPMENT

Ongoing infrastructure development projects in Bac Ninh, such as improved transportation networks and industrial parks, contribute to the ease of conducting business. This infrastructure supports the logistical needs of organizing a successful manufacturing expo.

INDUSTRY COLLABORATION

The province fosters collaboration between businesses, government, and educational institutions. This collaborative ecosystem is conducive to the exchange of ideas, technologies, and business opportunities – a key aspect of any successful manufacturing expo.

SUPPORTIVE POLICIES

Bac Ninh Provincial Government has implemented supportive policies to encourage business development, including incentives for manufacturing enterprises. These policies create a favorable environment for companies to participate in the expo.

MARKET POTENTIAL

Bac Ninh serves as a gateway to a vast consumer market, given its proximity to major urban centers. This ensures that the expo attracts not only industry professionals but also potential customers and partners.

SHOW PROFILE

EXHIBITOR PROFILE

By Industry

Aerospace • Automotive & Auto Parts • Building & Construction • Chemical Industry Processing • Electrical & Electronics
• Fastener & Fixing • Food & Beverage • Machine Building • Material Handling • Medical Industry • Metallurgical and more ...

By Application

Assembly & Automation • Automotive • Fastener And Fixing • Material Handling • Mold & Die Tech
• Plastic & Rubber Tech • Sheet Metal

VISITOR PROFILE

By Job Function

Government Senior Executives • Foreign-invested Factory Management • State-owned Factory Management • Industrial Zone & Cluster Executives • Army Maintenance Center • Top Corporate Management • Manufacturing Managers • Production Managers • Plant Managers • Production & Design Engineers • Material Handling Personnel • Purchasing Managers • Industrial Designers and Consultants • Trading Firms • Vocational Schools • Colleges

By Industry

Government Procurement Center • Training Center • Army Maintenance Center • Metal Components & Products Manufacturing • Manufacturing and Processing • Electrical • Electronics Manufacturing • Automotive, Parts Manufacturing • Motor & Vehicles • Transport • storage & Handling • Ship Building & Marine Engineering • Parts & Bearing
• IT & Telecommunications • Building & Construction • Petroleum & Petrochemical • Rubber & Plastic Products Manufacturing • Material Testing & Inspection • Engineering, Contracting Manufacturing & Turnkey Projects • Tools • Mold & Die • Oil & Gas • Furniture
